I know what you wanna hear, yeah
You know you can only get that here

You know the routine, you know the routine
Fuck all my old hoes
Girl, you're my new ting, yeah yeah
You know the routine, aye
This shit is routine, yeah
You know the routine, aye
You know how we do tings, yeah yeah

It's easy
Here I am back like I never left
Saying all that shit that get your body wet
Back and forth we mixing friction with the sweat
Candles-litty mood is set
Star projectors in my bed

Really it ain't no stopping me
I don't know no one topping me
Who else make their music feel like sex in the clouds
Know you miss my frequency
Press play on this frequently
It's always a vibe with me
This shit a vibe vibe vibe vibe

You know the routine
You know the routine, yeah
Fuck all my old hoes
Girl, you're my new ting, yeah yeah
Take all your clothes off, right now
Assume the position
Making love 'til we doze off
Every night you gon' listen, yeah yeah

I know what you wanna hear
Girl, you don't have to say, yeah
You know you can only get that here

This shit is routine

The rebirth, the rebirth
This shit is routine
The rebirth, the rebirth
This shit is routine, yeah yeah
