

Turn Down for You

Eric Bellinger

There go my niggas again, they hitting me talking 'bout "E is you rolling?"
We at the club tonight, it's finna be popping, your buzz is growing
I know that they gon' be mad as soon as I tell 'em I don't feel like going
Why would I go to the club with you at the house, these niggas ain't knowing

I'm at the crib with it
I'm at the crib with, not tonight
I'm at the crib with it
Leave me alone, I'm at the crib with it

Oh girl, see I turn down for you
Said I turn down for you
Watch me turn down for you
Girl I turn down for you
Oh what I need with the club when I got you at the house
Oh what I need with the club when I got you at the house
Girl I turn down for you
Said I turn down for you

When I get to the crib, I know you gon' be ready for me
When I get to the crib I know you gonna put it on me
When I get to the door, you gon' say it's all yours
You gon' give me some more, she know what I came for

I'm at the crib with it
I'm at the crib with, not tonight
I'm at the crib with it
Leave me alone, I'm at the crib with it

Oh girl, see I turn down for you (turn it down, turn it down)
Said I turn down for you (only for you)
Watch me turn down for you (for you)
Girl I turn down for you
Oh what I need with the club when I got you at the house
Oh what I need with the club when I got you at the house
Girl I turn down for you (turn down for you)
Said I turn down for you

She turn down for me til I come home
But she gon' turn up when this come on
We at the house, fuck going out
I got some good kush we can burn on
She got niggas like "Where you at?"
But she's where she's supposed to be
Fuck would I go to the club when the house got all these groceries
I hit that, mighty good, she admit that
I be feeling like Jodie, tacos she gon' owe me
I get her Kobe, that's too wet
Fuck it I'm here for the weekend
That convo and pussy I'm bout to go deep in
It's crazy cause niggas was really just beefin'
But put me to bed now I'm TD and sleeping like

Oh girl, see I turn down for you
Said I turn down for you
Watch me turn down for you
Girl I turn down for you

Oh what I need with the club when I got you at the house
Oh what I need with the club when I got you at the house
Girl I turn down for you
Said I turn down for you

When they say "turn down for what?"
I turn down for you, down for you, down for you
Cause you the only thing that I wanna do, wanna do, wanna do
Turn down for you, Turn down
Turn down for you, down for you
You make me wanna turn down, down, down, down
Turn down for you, down for you
You make me wanna turn down, down, down, down
I could be anywhere else in the world, but I'd rather be here with you
I'm so deep in love, ain't nothing else I'd rather do
I just wanna do ya
This the part of the song when you put in on replay
Yeah this the part of the song where you become the DJ
Love made me do it, do it, do it
Love made me do it, do it
