

Type A Way

Eric Bellinger

Gonna make you feel some type of way
Oh, woah
OG Parker
Make you feel some type of way
Oh, woah
This gon' be your favorite song

(Huh!)

Bet I make you feel some type of way, of way, of way
When I give it to you night and day, and day, and day
Bet I make you feel some type of way-ay, of way-ay, of way-ay (Yeah, yeah)
When I give it to you night and day (Sheesh), and day (Yeah), and day (It's Eazy)

Turn you to a fiend
Yeah, fresh, ride in
Make you scream, uh
Make you call me zaddy
Come, uh, over to the floor
Give you rounds, make you want more
Drop it, make it wobble
Girl, I love it when you poppin' it
Gobble, need that bobble
Get the genie out the bottle, yeah
Make you feel good
Won't you knock, knock on wood
Tonight (Tonight), yeah, yeah

So careful what you wish for (You might get it)
You might get it (Just wanna show you)
Let me show you something different, yeah

(Huh!)

Bet I make you feel some type of way, of way, of way, of way, of way of way, when I
When I give it to you (Woo!) night and day (Yeah), and day, day and night, I know what to do, and day
Bet I make you feel (It's Eazy) some type of way-ay, of way-ay, of way-ay
Gonna make you feel some type a way, yeah, yeah, yeah, yeah, yeah, yeah
When I give it to you night and day, and day, and day
When I give it to you night and day, yeah, day, yeah
Some type of way
Yeah

You know what I need
I'm the best at it
Now you on your knees
Tricking me with magic
She gon' make it disappear with the lights on
Know my batting average, lay down on my mattress
I'm a pro, don't need the practise
I deal like the bando with the count, go 'head and count it up
Spending every dollar, it ain't no problem, I don't give a fuck
Consider it a gift, wanna make you feel rich
Tonight, tonight, yeah, yeah

So careful what you wish for (You might get it)

You might get it (Just wanna show you)
Let me show you something different, yeah

(Huh!)

Bet I make you feel some type of way, of way, of way, of way, of way of way,
when I

When I give it to you (Woo!) night and day (Yeah), and day, day and night, I
know what to do, and day

Bet I make you feel (It's Eazy) some type of way-ay, of way-ay, of way-ay

Gonna make you feel some type a way, yeah, yeah, yeah, yeah, yeah, yeah

When I give it to you night and day, and day, and day

When I give it to you night and day, yeah, day, yeah

Some type of way

Make you feel some type of way

(Gonna make you feel some type of way)

Oh, woah

OG Parker

Make you feel some type of way

(Gonna make you feel some type of way)

Make you feel
