

# Under Covers

Eric Bellinger

Girl  
Can't nobody do your body like me  
Oh  
I promise  
Girl  
Always knew you'd end up right beside me  
Now I own it  
I been wanting you for so long  
Finally bout to put me on  
Dreams do come true  
I'm under covers with you  
And I knew oh oh  
I knew that it would be wise to wait  
Now you're saying have your way  
Dreams still come true  
I'm under covers with you  
Girl  
If I take the leap will you follow  
I know what you like  
Girl  
Once I'm in it you gone lose control (Ima make you lose it)  
Buckle up and hold on tight

I been wanting you for so long  
Finally bout to put me on  
Dreams do come true  
I'm under covers with you  
And I knew oh oh  
I knew that it would be wise to wait  
Now you're saying have your way  
Dreams do come true  
I'm under covers with you

Ima take my time when I'm in it  
Girl I'm not gonna stop til you finish  
Cause I know I may never get to see you again  
Cause I've been waiting so long

I been wanting you for so long  
Finally bout to put me on  
Dreams do come true  
I'm under covers with you  
I knew that it would be wise to wait  
Now you're saying have your way  
Dreams do come true  
I'm under covers with you  
I'm finally under covers with you
