

Undress

Eric Bellinger

Na-na-na-na-na-na

Hitmaka

Na-na-na-na-na

This gon' be your favorite song

You know there's something in the water they said (Said)

But I'm not here to bother no pressure

You can let your guard down I swear (Swear)

Don't forgot who you are girl

Take your time and show me what it's like to be faithful (Ayy)

'Cause they might say they got it oh babe

Fuck all the rest, you ain't just good you the best (Best)

Baby it's something 'bout you

Who do I call

Who do I run to (To!)

If it's not you

If it's not you

You know it's you

No pressure

No stress (No, Yeah)

All you gotta do is undress

No stress (Stress)

Say less (Less)

All you gotta do is undress (Yeah)

Undress, undress

Undress, undress

No stress (Stress)

Say less (Less)

All you gotta do is undress

Yeah (It's Eazy!)

We can talk all night

Body language conversation

Put you in handcuffs

Start my lil' investigation

Know what you need, when I'm inside

You know the vibe (Vibe)

Keep it drippin' just like alkaline

Wet-wet-wet-wet (Drippy)

Wet, drippy drippin', wet (Wet)

Legs wrapped around my neck (Ooh)

Baby it's something about you (It's just something about)

Who do I call

Who do I run to

If it's not you

If it's not you

You know it's you (Whoa)

No pressure

No stress (No, Yeah)

All you gotta do is undress

No stress (Stress)

Say less (Stress, less)

All you gotta do is undress

Undress, undress
Undress, undress
Undress, undress
Undress, undress
