Girl, you're finer than my fine  
Cause if I don't sell them roses in the club, I'ma buy a dozen  
You could be the one, I'ma be the two though  
Swag through the roof, kick game like judo  
For real I see you focused on your health, yoga bar doing sit-ups  
Seven in the morning, set alarms, finna get up  
You only move when you in the mood  
It's time to go viral, a million views

Now touch your toes like you're exercising
