

Waiting 4 You

Eric Bellinger

My love is waiting for you
Underneath the mistletoe
It's true

I feel such a way and it's true
It's the reason that this season makes me crazy over you
Sunday morning, fireplace at the moon
I've been looking for some meaning, think I found it in you
Well alright

I know it's probably too soon
To want you everywhere
But when you know you know
And baby, I just don't care
My rarest flower it blooms
That's why they stop and stare
Cause you the baddest
So don't wait too long
Don't wait too long

My love is waiting for you
Underneath the mistletoe
Yeah, it's true
You know baby it's true
My love is waiting for you
Only you can take me home
It's true
My love is waiting, yeah
You know it's waiting

Whoa
It's getting cold outside
You should stay the night at my place
Don't pay attention to the time
Just enjoy the holiday
Selfish
I can't help it
Need it to myself
Want it all for me right now
Lifestyle snow's falling down, oh

I know it's probably too soon
For your legs in the air
But when you know you know
That baby I just don't care
My rarest flower it blooms
That's why they stop and stare
Cause you the baddest one
So don't wait too long
Don't wait too long

My love is waiting for you
Underneath the mistletoe
Yeah, it's true
You know baby it's true
My love is waiting for you
Only you can take me home

It's true
My love is waiting, yeah
You know it's waiting

So don't take too long
It's eazy

My love is waiting for you
Underneath the mistletoe
