

# Come Together

Eric Benét

I know the road of love lately has been a rocky one  
It seems as though we can't see eye to eye  
Girl we fight just a little too much  
Love just a little bit too less  
A little sexual healing might help us find our

(Baby can we come) Oh baby  
(Baby let's come together)  
(Baby can we come) Ooh  
(Baby can we come at the same time)

With every grinding, perfect time  
I'll hit that magic spot girl  
(Take our time with each position)  
(Take me, find that right connection girl)  
You'll see that we don't need to jeopardize this love  
I'm not just talking physical so come with me  
And love will grow

(Baby can we come)  
(Baby let's come together) My baby  
(Baby can we come) Oh  
(Baby can we come at the same time)

(Baby can we come) Oh yeah baby  
(Baby let's come together)  
(Baby can we come) Can we come, yeah yeah  
(Baby can we come at the same time)

(Don't you wanna come now baby)  
(Everything will be like it was) It was

(I don't wanna fight no more)  
(So won't you dim the lights and close the door)  
Just close the door, just go close the door

(Baby can we come)  
(Baby let's come together) Oh yeah  
(Baby can we come) My baby  
(Baby can we come at the same time)

(Baby can we come) Baby won't you come with me  
(Baby let's come together) Oh my baby  
(Baby can we come)  
(Baby can we come at the same time) Oh oh yeah baby

(Baby can we come)  
(Baby let's come together) Won't ya just come with me  
(Baby can we come) One more time for love  
(Baby can we come at the same time)

(Baby can we come) Don't you know I love you girl, don't you know I love ya  
(Baby let's come together) Won't ya come with me right now  
(Baby can we come) Oh  
(Baby can we come at the same time)
