

Feel Good

Eric Benét

Just make me feel so good
Like this yo, like this, oh yeah, feels good
It feels good, oh
That girl I'd like to know
Exactly what you're feeling
See I don't like lose control
Of this is crazy world I'm feeling
... feels when you're not here

I try to... I don't see a reason why
You just make me feel good
I feel good
I command the words that you don't even trust

... my single line, you see
It's my... decision
But I feel you, what you wanna talk
I said kissing what I'm missing

Let's sing it... how
... decision, I feel good, I can't get you off my mind

I feel good,... girl I feel good [2x]
... cause you don't even try hard
I feel good,
I can't get you off my mind
... make you feel so good
I can make you, make you feel so good
I can make you, make you feel so good, baby, baby
I can make you feel so good, so good, ooo,
I can make you feel so good, make it,
I can make you feel so good, baby.
Cause you just make me feel good.
