

## Feel Good

Eric Benét

Just make me feel so good  
Like this yo, like this, oh yeah, feels good  
It feels good, oh  
That girl I'd like to know  
Exactly what you're feeling  
See I don't like lose control  
Of this is crazy world I'm feeling  
... feels when you're not here

I try to... I don't see a reason why  
You just make me feel good  
I feel good  
I command the words that you don't even trust

... my single line, you see  
It's my... decision  
But I feel you, what you wanna talk  
I said kissing what I'm missing

Let's sing it... how  
... decision, I feel good, I can't get you off my mind

I feel good,.. girl I feel good [2x]  
... cause you don't even try hard  
I feel good,  
I can't get you off my mind  
... make you feel so good  
I can make you, make you feel so good  
I can make you, make you feel so good, baby, baby  
I can make you feel so good, so good, ooo,  
I can make you feel so good, make it,  
I can make you feel so good, baby.  
Cause you just make me feel good.
