

Dimples

Eric Burdon

I love the way you walk Said I'm crazy 'bout your walk I love the way you talk When you're talkin' that talk I love the way you walk You're my baby Got my eyes on you I see you everyday In your neighborhood I see you everyday And you sure look good I see you everyday You're my baby Got my eyes on you I see you everyday In your neighborhood I see you everyday Woman, you sure look good I see you everyday Walkin' up and down the street You got on your high-heeled sneakers baby You sure look neat I said I see you everyday, little baby I got my eyes on you You got the dimples in your jaw You're my baby I got my eyes on you
