

# Kingsize Jones

Eric Burdon

Nobody ever held a gun to my head  
when you and I jumped into bed  
I was not forced to kneel and pray  
to worship the temple between your legs

Look at me now, I got a kingsize jones  
Look at me now, I got a kingsize jones

I left you twenty times before  
and now Im back scratchin at your door  
look what you done, dont you realize  
oh child, got my nose open wide

Look at me now, I got a kingsize jones  
Look at me now, I got a kingsize jones

Well Im so far, from a shinin life  
I wandered far, what shall I do?  
Well Im so far from a God  
so close to you.

Lord have mercy on my soul (have mercy!)  
your tongue in my mouth makes my blood run cold (ooo!)  
Lord have mercy on me please (mercy!)  
Im infected with this heart disease

Look at me now, I got a kingsize jones  
Look at me now, I got a kingsize jones

Well Im so far, from a shinin life  
I wandered far, what can I do?  
Well Im so far from a God  
So close to you.

Look at me now, I got a kingsize jones  
Look at me now, I got a kingsize jones

Look at me now, I got a kingsize jones  
Look at me now, I got a kingsize jones
