

You're On My Mind

Eric Burdon

Monday... Friday
Weekday... Holiday... Yeah...
Every single empty day
You're on my mind
Yeah, you... are my mind
Ireland... Germany
When I'm away... you, I say
Every lonely place I go
You're on my mind
Oh yeah, you're on my mind
I tried forgettin' you
Tried to maintain my cool
But the existence... of you... effects my life
If you would forget the past
And maybe someday... take me back
I'd rest easy in my bed tonight
You know I'd say now
Day time... night time
Good times... bad times
When I was down and showed up B...
You're on my mind
Oh yeah, you're on my mind
I tried forgettin' you girl
Tried to maintain my cool, yeah
But your existence... effects my life
Baby, If you would forget the past
And maybe take me back
I'd rest easy in my lonely bed tonight
You know I mean it
Monday... Friday
Weekday... Saturday
Holiday... Yeah
Every single empty day
You're on my mind
Oh yeah, you are my mind
Yeah... you're on my mind
