

A Lot Of Boot Left To Fill

Eric Church

Get ups, Gimics,
One hit wonders that don't stick.
Pretty boys actin' tough,
boy bands, give it up.
And if it looks good on TV,
it'll look good on a CD.
Shape it up, trim it down.
Who gives a damn about how it sounds?

I don't think Waylon done' it that way.
And if he was here he'd say:
"Hoss neither did Hank."
I ain't doggin what you're doin'
but boys come on lets get real.
You still got a lot of boot left to fill.

You say you're the real deal,
but you play what, nobody feels.
You sing about Johnny Cash.
The man in black would have whipped your ass!

I don't think Waylon done' it that way.
And if he was here he'd say:
"Hoss neither did Hank."
I ain't doggin what you're doin'
but boys come on lets get real.
You still got a lot of boot left to fill.

So, so long, 'till I see you again.
When you're layin in the bargain bin. Ha.

I don't think Waylon done' it that way.
And if he was here he'd say:
"Hoss neither did Hank."
I ain't doggin what you're doin'
But then again, hell yes I am.
I just don't give a damn
Cause you still got a lot of boot left to fill

I guess we all got a lot of boot left to fill
