Before She Does

Eric Church

I believe that gas is too damn high
Ain't nothin' more American than Mama's apple pie
I believe in love, I believe in peace
But I don't believe we'll ever see it in that Middle East
I believe the Bible is cold hard fact
And I believe that Jesus is comin' back
Before she does

I believe the Sabbath is the day of rest
The tax man and the devil share the same address
I believe don't start if you're gonna quit
I believe in keep your mouth shut and carry a big stick
I believe dogs are better than cats
And I belive that Jesus is comin' back
Before she does

There's absolutely positively no doubt in my mind
That O.J. did it, Lee Harvey didn't and she's really gone this time

I belive that cold cold beer
Tastes better on a barstool than it does anywhere
I believe hard work really makes the man
But everyone should wet a line every now and then
I believe it's best to pay in cash
And I believe that Jesus is comin' back
Before she does

There's absolutely positively no doubt in my mind
That O.J. did it, Lee Harvey didn't and she's really gone this time

I believe she was a real good thing
Can you believe I let a girl like her get away
I believe she meant it the night she packed
And said Jesus is comin' back
Before she does
Before she does
Before she does
