

All In On You

Eric Ethridge

I ain't ever been a betting man, baby
But I've feelin' pretty lucky lately
From the the moment you walked in, girl I've been buying in
On every little thing you do

If it means staying in, red wine and slow dances
As long as I'm with you I'll take my chances

I'd spend all my money on a plot of land
Trade in my truck and drive a minivan
Add a couple babies to the five year plan
That's what'd I do
All in on you
I'd spend a little less time at my favorite bar
To get a couple more minutes with you in my arms
Girl, all I wanna do is just be where you are
All in on you
I'm all in on you

I see you and me together in a full house
You can be my queen of diamonds when I'm takin' you out
Cause the way you stole my heart, got me showing all my cards
And I got nothing left to lose

I'd spend all my money on a plot of land
Trade in my truck and drive a minivan
Add a couple babies to the five year plan
That's what'd I do
All in on you
I'd spend a little less time at my favorite bar
To get a couple more minutes with you in my arms
Girl, all I wanna do is just be where you are
All in on you
All in on you, yeah

All in on you

They say it's 50/50 when it comes to love
But the odds are in our favor with the two of us

I'd spend all my money on a plot of land
Trade in my truck and drive a minivan
Add a couple babies to the five year plan
That's what'd I do
All in on you
I'd spend a little less time at my favorite bar
To get a couple more minutes with you in my arms
Girl, all I wanna do is just be where you are
All in on you, yeah
All in on you
All in on you
