

# Break Your Heart

Eric Ethridge

You see it in the movies  
A girl meets a guy says "hi"  
An hour later they fall in love  
And they don't break up  
It never made sense to me  
You could find someone right out of the blue  
Too good to be true  
Then I met you  
I used to think that it was hopeless  
I don't know much but girl I know this

I ain't ever gonna break your heart  
Life gets a little heavy and it's better when you're in my arms  
Holding you is touching heaven  
I know I would never make it through  
I'd be a fool if I ever let me let go of you  
I knew it from the start  
That I ain't ever gonna break your heart

I'll tell you what you don't see  
Cause every time you're close my heart beats out of my chest  
I still get nervous  
Yeah, you really do it to me  
You bat those eyes, flash that smile  
So let down your hair  
I swear, I swear, I swear

I ain't ever gonna break your heart  
Life gets a little heavy and it's better when you're in my arms  
Holding you is touching heaven  
I know I would never make it through  
I'd be a fool if I ever let me let go of you  
I knew it from the start  
Girl I ain't ever gonna break your heart

Even when it's hard (even when it's hard)  
No matter where we are (no matter where we are)  
You can trust me I won't let us fall apart

I ain't gonna break your heart  
I ain't gonna break your heart  
I ain't gonna break your heart  
Life gets a little heavy and it's better when you're in my arms  
Holding you is touching heaven  
I know I would never make it through  
I'd be a fool if I ever let me let go of you  
I knew it from the start  
Girl I ain't ever gonna break your heart (break your heart)  
No I ain't ever gonna break your heart (break your heart)
