

# Makin' Me Crazy

Eric Ethridge

She's makin' me cra-a-azy

She looks my way  
And I like the way she looks  
I was hooked when she said "hey"  
Oh yeah it was all it took

She had me losing my mind (cause she was stealing my heart)  
She was confusing the signs (yeah we're pulling apart, yeah)  
Oh and I can't keep it straight

She's makin' me crazy  
The way she pulls me in just to push me away  
I don't wanna stay just friends  
I don't wanna play pretend  
She loves me, she loves me not  
I don't wanna get caught up in all  
This back and forth, tug of war, maybe  
She's makin' me cra-a-azy

Cause for a minute she's it  
The next direct texts about  
Now she just wants to be friends  
Oh and just like that

I'm back to losing my mind (cause she was stealing my heart)  
She was confusing the signs (yeah we're pulling apart, yeah)  
Oh and I can't keep it straight

She's makin' me crazy  
The way she pulls me in just to push me away  
I don't wanna stay just friends  
I don't wanna play pretend  
She loves me, she loves me not  
I don't wanna get caught up in all  
This back and forth, tug of war, maybe, maybe
