

Sad Songs

Eric Ethridge

Still watch the Walking Dead
Still reach across the bed
Still order take away for two
Still buy the cheap red wine
The one I know you like
I fill a glass and a drink to you

'Cause just one melody
I'm back on my knees

I'm tired of sad songs
The way that they feel
Reliving the memories just makes it so real
I'm stuck in the heartache
Keep singing the blues
Oh, I'm tired of sad songs
'Cause they remind me of you

It don't take much to hurt
Sometimes it's just a verse
And I'm straight back to missing you
I wish the radio
Would change that somber tone
'Cause every night it sings for you

I'm tired of sad songs
The way that they feel
Reliving the memories just makes it so real
I'm stuck in the heartache
Keep singing the blues
Oh, I'm tired of sad songs
'Cause they remind me of you, you, you
'Cause they remind me of you, you, you

'Cause just one melody
I'm back on my knees

I'm tired of sad songs
The way that they feel
Reliving the memories just makes it so real
I'm stuck in the heartache
Keep singing the blues
Oh, I'm tired of sad songs
'Cause they remind me of you, you, you
(No sad songs)
'Cause you remind me of you, you, you
No sad songs, no sad songs, mmhmm
