

Anyone Who Knows Me

Eric Hutchinson

One open book, one witness stand
A fresh start from a broken heart
And we'll do the best we can

Anyone who knows me
Knows you don't know me at all
Any love that's good comes easily
And anyone who knows you
Has got his back against the wall
But it's alright to cry
Ask anyone who knows me
I said it's alright to cry
Ask anyone who knows me

He took your smile, I'm something new
Sun shines in between the lines
Now you're stepping back in view

Anyone who knows me
Knows you don't know me at all
Any love that's good comes easily
And anyone who knows you
Has got his back against the wall
But it's alright to cry
Ask anyone who knows me
I said it's alright to cry
Ask anyone who knows me

Anyone who knows you
Will tell you the hardest part
Is just keeping you around
But anyone who knows me
Will tell you the coldest heart
Can eventually melt down

And if you're gonna try
Said if you're gonna try
If you're gonna try
Try with me

And if you're gonna try
Said if you're gonna try
Said if you're gonna try
Try with me

Anyone who knows me
Knows you don't know me at all
Any love that's good comes easily
And anyone who knows you
Has got his back against the wall
But it's alright to cry
Ask anyone who knows me
I said it's alright to cry
Ask anyone who knows me
I said it's alright to cry
Ask anyone who knows me
