

# Last House On The Block

Eric Johnson

Must move on  
I'm getting caught in the fray  
Something says there's a better way  
Gonna rise above and  
Leave this scene behind  
I'm gonna live on love and  
Say goodbye this time

Last house on the block  
Last house on the block

Sometimes up and  
It's a sometimes down  
I'm gonna get it right this time around

Burnin' desire sealed with a kiss  
Gonna break these chains and  
Say goodbye to this

I can't leave no matter what I do  
Only if I get close to you  
The power of soul can make us  
Jump and shout  
Gonna move on up and  
I'll be moving out
