

## Shape I'm In

Eric Johnson

I can't change  
It don't matter what I do  
Tried to change  
It don't matter what I do  
I might walk away  
But I come runnin' back to you

I won't lie  
I don't know the shape I'm in  
I won't lie  
I don't know the shape I'm in  
I make up my mind  
Then I change it again

With the shape I'm in  
A dose of love would do me good  
It's such a state I'm in  
I wouldn't change it if I could

I can't hide  
It don't matter what I say  
I can't hide  
It don't matter what I say  
With the shape I'm in  
There's no hidin' anyway
