Crazy World Like This

Eric Martin

Baby, I forget something
That's why I came home
Something I really need
I know you thought I was gone
No it's not my love sign
It's not that cold today
It's nothing I left behind
It's something I've got to say
I forgot to say I love you
And something else that I missed
To say how much I need you
In a crazy crazy world like this
You give my the strength that I need to exist
Just hold me and don't let me go
In a crazy crazy world
Sometimes I don't know lately
What will ease the pain
In every corner of the street
Sometimes it's all too insane
Baby, you just got something
That's why I came home
Something I really need
And now we can be alone
I just have to say I love you
And something else that I missed
To say how much I need you
In a crazy crazy world like this
You give my the strength that I need to exist
Just hold me and don't let me go
In a crazy crazy world like this
It's easy to feel all alone
I always know when faith takes the twist
You'd be there to soften the blow
Do you know how much I need you
In a crazy crazy world like this
You give my the strength that I need to exist
Just hold me and don't let me go
In a crazy crazy world like this
It's easy to feel all alone
I always know when faith takes the twist
You'd be there to soften the blow
