

Marie

Eric Martin

Hey that's enough to swallow at one time
Girl you better let yourself slow down
He's just keeps talking trash to feed your helpless
insecurities
He'll promise what you want and it's everything you'll
never need
Marie is upset
Marie, the crush is all inside her head
Marie is upset
Marie she's not old enough to worry yet
Girl, there's a little bit of sugar in your eyes
And you're too blind to see what's on the other side
You're just another star on a list of instant casualties
You don't know you are when you're walking on your knees
Marie is upset
Marie, the crush is all inside her head
Marie is upset
Marie she's not old enough to worry yet
There's a million signs that point to your submission
Behind your alibis you don't know what you're missing
