The night is heavy and cold
It's hard to take a single step
The empty streets feel lonely
I keep mumbling the same name, oh baby yeah

Leaning on the wall, I looked up
The black sky looks so pale, yeah
You still have no answer
You, you, yeah

I'm waiting for you
Like the moon
Hanging alone at the tip of the sky
I'm in danger babe, I miss you

Save me save me from me
Always be you babe
It's 4AM without you

The world is asleep right now
I'm the only one awake
With only late regrets, shedding tears tonight
As it covers me, oh no

You're still so clear
Even when I try to sleep with my eyes closed
I keep thinking of you, I can't even breathe
Day by day, yeah

I'm waiting for you
Like the moon
Hanging alone at the tip of the sky
I'm in danger babe, I miss you
Save me save me from me

I'll be more numb when morning comes
But this will just repeat tomorrow
How much time has to pass
For me to fall into a deep sleep?
For me to empty you out?
Take me out
Take me out, take me out
Ooh oh, Ooh oh, Ooh oh, Ooh oh

I'm waiting for you
Waiting in this deep darkness
Each day is the same
I'm drawing you out tonight
Save me save me from me
Yeah so save me so save me

Always be you babe
4AM with no end to this
