As if I ran under the hot sun
I'm tired and thirsty
You know what I mean
Feels like I've fallen into a deep ocean
I can't breathe
I think I'm in too deep

Because of you I wanna tell you
And baby you
Whenever I see you ooh girl
I just can't help myself
Can't wait no longer
I can't help myself

Wanna be with you, you tonight, yeah
No more playin' cool, cool, you and I
Drench my thirsty heart all right
Breathe air into me, my life
Without you, there's no meaning
Accept me, let me love you

Like a secret I'm not supposed to know
I had to hide my heart, it was hard
I can't keep a straight face
I open my mouth then bite my lips

Because of you I wanna tell you
And baby you
Whenever I see you ooh girl
I just can't help myself
Can't wait no longer
I can't help myself

Wanna be with you, you tonight, yeah
No more playin' cool, cool, you and I
Drench my thirsty heart all right
Breathe air into me, my life
Being without you, there's no meaning
I'm all about you, oh no

I can actually endure a lot
Even when I get hit really hard
So when I say that I can't help myself
Instead of a hit,
I hope you can just close your eyes
You keep making me cross the line
The sun is hot
But I wanna look at you
With my eyes and sweat

I wanna be with you, you tonight, yeah
No more playin' cool, cool, you and I
Drench my thirsty heart all right baby
Breathe air into me, my life
Without you, there's no meaning
Accept me, let me love you
