Just stay with me

I need you to stay with me

In the beautiful, shining memories

I draw you out

Just stay with me

I need you, stay with me, ooh ooh

Just look into my eyes

Just for one moment

I know it's a bit late

But don't let me go

I still love you

When I look into your eyes

I'm afraid my heart will explode

Hold on to me

Don't let go of me, please

So stay with me

I need you to stay with me, yeah

Your beautiful, shining smile

I'm lost inside

Hold on to me please

Won't you hold on to me, ooh ooh

Our memories beautiful like the stars

Are now...

I know it's a bit late

But don't let me go

I still love you
When I look into your eyes
I'm afraid my heart will explode
Hold on to me
Don't let go of me, please

Hold onto me
Even if I do wrong
Understand me, please
Just stay by my side

I know it's a bit late
But don't let me go
I still love you
When I look into your eyes
I'm afraid my heart will explode
Hold on to me
Don't let go of me, please
