I do love you but I'm a bit tired
I'm too scared to hurt you
I'm not being nice, I'm doing this for myself
This lie of saying I still love you

You wanted an answer from the start
Like already wanting to know the ending of a movie
So I felt pressured, more and more
Like a perfectly made-up story

Let's break up, those words are so cruel
I open my mouth but I swallow it back in, why can't I say it?

I do love you but I'm a bit tired
I'm too scared to hurt you
I'm not being nice, I'm doing this for myself
This lie of saying I still love you

I thought about this several times a day
How you would live without me
All the promises that won't be kept
They'll just remain as meaningless words

Let's break up, those words are so cruel
I open my mouth but I swallow it back in, why can't I say it?

I do love you but I'm a bit tired
I'm too scared to hurt you
I'm not being nice, I'm doing this for myself
This lie of saying I still love you

Why can't I say, let's break up

I loved you but now I'm tired
Baby I need you to say something say something
You know it's over too

Baby I need you to say something say something

This lie of saying I love you

This lie of saying I love you
