

# House On A Hill

Eric Nam

Get a house on a hill  
Make a whole lotta money  
That's when I'll be okay  
Get a hit, make it big  
Maybe that's when they'll love me  
All my problems will go away

Ooh, yeah, the grass is green  
But I wish it was greener  
Ooh, lately, I can't help but wonder

What if I get everything I want?  
What if nothing ever fills me up?  
What if being happy isn't what I thought? Oh  
What if more is never enough?  
What if I have everything right now?  
And I'm missing what it's all about?  
What if being happy isn't what I thought? Oh  
What if more is never enough?

It's a rush, it's a thrill  
Til the second I get it  
And I'm over it instantly  
Got my head in the clouds  
But I'm missing the sunset  
Chasing the next best thing

Ooh, yeah, the sky is blue, but I wish it was bluer  
Ooh, lately, I can't help but wonder

What if I get everything I want?  
What if nothing ever fills me up?  
What if being happy isn't what I thought? Oh  
What if more is never enough?  
What if I have everything right now?  
And I'm missing what it's all about?  
What if being happy isn't what I thought? Oh  
What if more is never enough?

When is more and more  
And more and more enough?  
When is more and more  
And more and more enough?

What if I get everything I want?  
What if nothing ever fills me up?  
What if being happy isn't what I thought? Oh  
No, I can't help but wonder, baby  
What if I have everything right now?  
And I'm missing what it's all about?  
What if being happy isn't what I thought? Oh  
What if more is never enough?

When is more and more  
And more and more enough?  
When is more and more  
And more and more enough?
