You walked me
To the bus stop as snow was falling
Then you held my hand
And it surprised me
Did you notice my heart
That I've been hiding for a while?
It's in the blowing wind,
It's spreading inside of us, this is love

It falls in my heart, it falls lightly
The name that fell on top of your shoulders,
I think it's spring - Between the spaces of our
Held hands, between the lighter clothes
It spreads and it changes us,
I think spring has come

At first, you were like
A close friend or a younger sister
I wasn't shocked
Even when you wore skirts or makeup
But what has made us
Change like this now?
Maybe it's crazy
Can I call you my baby Yeah

It falls in my heart, it falls lightly

The name that fell on top of your shoulders,
I think it's spring
Between the spaces of our held hands,
Between the lighter clothes
It spreads and it changes us

We fell asleep on a bench,
Leaning on each other
The sweet cherry blossom colors the clear sky
I wish it was always like this
The name that changed us,
Spring spring spring
I love you, I love you, I love you

Be my spring, I'll always be your flower
I hope we can melt each other and open each other up
Our heart to heart that wasn't visible before
Now we're facing each other
The hidden flower is finally blooming
I think spring has come
