Breathe again, just breathe again

It was hard, wasn't it?
Facing it alone
It's hard, baby
Saying I understand you
Or trying to cheer you up
Doesn't make you happy yeah

It's raining again
Tears fall
You can't see anything

Close your eyes
And hold my hands
I'm not going to let go of anything from now on

Baby we can stop the rain
I can take away the pain
We can do anything
Let's see the sky up there
Let's fly far there
If we trust each other, we can

Breathe again, just breathe again

If your burdens are heavy,
Put it down
I'll be your umbrella oh

It's raining again
Tears fall
You can't see anything
Close your eyes
And hold my hands
I'm not going to let go of anything from now on

Baby we can stop the rain
I can take away the pain
We can do anything
Let's see the sky up there
Let's fly far there
If we trust each other, we can

Even if it looks fragile
Please know this oh
Your smile in the rain
Is the most beautiful thing yeah

Baby we can stop the rain
I can take away the pain
We can do anything
Let's see the sky up there
Let's fly far there
If we trust each other, we can

Breathe again, just breathe again
