

# Wildfire

Eric Nam

Had a love, but we lost it to the flames  
Burning fast made it hard to tame  
Hands up praying for the rain  
Thought we'd last, but all that's left is pain

We should've known better  
My mama said  
That good things always take time

But we got caught, ooh  
In a wildfire  
Yeah, we got lost, ooh  
In a wildfire  
In a wildfire

Light it up, and the ember's so damn bright  
Colored glass-like fiction in my eyes  
But here I am, all alone in the smoke tonight  
My cinder heart doesn't feel right

We should've known better  
My mama said  
That good things always take time

But we got caught, ooh  
In a wildfire  
We got lost, ooh  
In a wildfire  
In a wildfire

In a wildfire
