

Boat in a Bottle

Eric Paslay

On a boat in a bottle, in a blue water bay
Troubles get smaller, clear skies everyday
The rain can't find you, the world stays the same
On a boat in a bottle, in a blue water bay
On the edge of the world, gettin high with the tide
A little sand a little sky, a lot of you and I

May the wind float our hearts on forever
We're all in this together
It don't get any better than this
I wish we could bottle up this feeling
Live in this summer dream and we could just stay
On a boat, in a bottle, in a blue water bay. hey!

On a boat in a bottle, in a blue water bay
You just rock through the weather, and you roll with the waves
Love never runs, hearts never break
You just float through the rum, in a blue water bay

May the wind float our hearts on forever
We're all in this together
It don't get any better than this
I wish we could bottle up this feeling
Live in this summer dream and we could just stay
On a boat, in a bottle, in a blue water bay. hey!

Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh

On the edge of the world gettin high with the tide
A little sand a little sky a lot of you and I

May the wind float our hearts on forever
We're all in this together
It don't get any better than this
I wish we could bottle up this feeling
Live in this summer dream and we could just stay
On a boat, in a bottle, in a blue water bay.
On a boat, in a bottle, in a blue water bay. hey!

Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
