

If The Fish Don't Bite

Eric Paslay

Got a bobber floatin' in the water with a minnow dancin' on a hook
You're singin' to the radio, bare feet in the brook
You're the prettiest catch I could have ever caught, I love you so
Cause you love comin' with me to this fishin' hole

And if the fish don't bite
Yeah, that'll be alright, alright
If the fish don't bite
We can lay beneath the moonlight, moonlight
If we don't do any good at fishin'
Maybe we can catch a little kissin' tonight if the fish don't bite.

Seems like we've been sittin' here for hours without a tug on the line
I don't care if the fish are sleepin', I got you by my side
The stars are shinin' on the water so calm and smooth as glass
How 'bout you and me get tangled on the tall grass

And if the fish don't bite
Yeah, that'll be alright, alright
If the fish don't bite
We can lay beneath the moonlight, moonlight
We both know it ain't about the fishin'
How 'bout some kissin' tonight if the fish don't bite.

If the fish don't bite
Yeah, that'll be alright, alright
If the fish don't bite
We can lay beneath the moonlight, moonlight
I never was that good at fishin'
How 'bout that kissin' tonight if the fish don't bite.
If the fish don't bite, yeah
If the fish don't bite.
If the fish don't bite.
If the fish don't bite, yeah
If the fish don't bite.
If the fish don't bite.
If the fish don't bite...
