

Under Your Spell

Eric Paslay

All day all night
Everywhere and all the time
I'm caught up in it
Everything around me spinnin'

Inside out I'm
Turned around and I'm upside down
I'm hypnotised oh
Everytime oh

I look in your eyes I'm under your spell
Your spell oh I
Leaned in for your kiss baby
I fell, I fell under your spell

Gotta have it
Everything you do is magic
You move me consume me
Oh you send a shock right through me

Stop my soul I
Fall apart and I lose control
I'm paralyzed I lose my mind when

I look in your eyes I'm under your spell
Your spell oh I
Leaned in for your kiss baby
I fell, I fell under your spell

Oh you got me
Oh where you want me

I look in your eyes I'm under your spell
Your spell oh I
Leaned in for your kiss baby
I fell, I fell under your spell

I look in your eyes I'm under your spell
Your spell oh I
Leaned in for your kiss baby
I fell, I fell under your spell

I look in your eyes I'm under your spell
Your spell oh I
Leaned in for your kiss baby
I fell, I fell under your spell
