

## 10 O'clock

Eric Reprid

Ten O'clock  
Fiendin' for the guap  
I be beamin'  
Losin' balance yo bitch fallin' on my jock  
They like (what what)  
Smell like genius that's my Elon musk  
10 O'clock and that's PM, bein' patient with my buzz

You can't rock with us  
I can't rock fitted's  
I don't cap with 'em  
I see fake on 'em  
The ice look fake on em  
(Nah fuck this flow)  
I got too Drake on 'em

Bitch don't follow me  
I just want my cheese  
Money be the villain I'm still gobblin' up my green  
They like (ooh damn)  
Block you like a beaver  
Yellow fellow he just need a Beamer  
Or a chick like Rita  
She wanna get wild  
10 O'clock she bust it down  
Showin' me she with the bounce  
On me she got me like wow  
Knowin' she give me a smile  
Walk on a square like a tile  
I gotta wrap it up now, meet her at 8 I'm drivin' a mile

They just wanna get closer to me, gettin' colder to me, you ain't no one to  
me  
They won't fuck me over, my team way too kosher, and we too sober to leave a  
t

In a few months they'll see  
I'm on the way  
I'm on a wave  
Tunin' my frequency  
Shawty my neck gon' freeze  
Money put me at ease  
When I go get my cheese
