Eric Reprid

Told my bruddas one day we gon' make it (make it)
We just gotta grind for that paycheck (paycheck)
Mama told me one day I'll be famous (famous)
Remember when she used to say she hate this (hate this)
Back then they would laugh when I'd say shit (say shit)
Now I'm inside all them peoples playlists (playlists)
Said one day I'll be stompin' on them stages (stompin' on 'em)
But right now we just dancin' in the basement

Grind inside the basement
Said it's 4 am still with Wavy tweakin' basses
Learned this shit ourselves on my own time I make shifts
Shootin' for the moon gon' turn this Honda to a space ship
Shorty wanna fuck with me (ooo)
I just want get some brain then sleep she a lil' freak (yea)
Say what I want then I get what I want
It's too easy (yea)
Baby you know I'm a G
I gotta double them C's
She wanna put it on me
Yea
Used to sit inside my room livin' through some interviews
Took my ass up outta school I knew I had to make some moves
Got that pressure on me turn anxiety to diamonds
Demons make it hard to close my eyelids
