

Prefer when I'm by myself
I don't wanna hang around y'all
Pray for good health
One day I'm really gon' ball
Fuck around and buy the whole mall
Bakin' that cake
Flexin' 700 in the bank
Not a super hero I don't save
Look at my face
Look at my grades
Don't match up no love fuck a date
I just fade
When I hit the Jack
You can keep the pot
Every night a gamble I stopped
Yea
When I checked the cost
I was like ooooo that's expensive
Ay
Rollie flex in my ear
You a fuckin' awk you weird
Which way I'ma steer
Know the bags of money be near
But you won't really see it till it's here
This all I do since I was seventeen
Cuttin' up tofu
All you lames soft don't speak
(Sheesh)
Fuck it I don't know you
Yea
Get run through by my team

Droppin' them hits like blitz
About my cheese like Ritz
Fuck a vacay don't trip
You don't know people like this
You don't know people like this
You don't know people like this
You don't know people like this
You don't know people like this

Droppin' them hits like blitz
About my cheese like Ritz
Fuck a vacay don't trip
You don't know people like this
You don't know people like this
You don't know people like this
You don't know people like this
You don't know people like this

Said she 24 and she too old
Told her fuck that I got a old soul
I need to treat my paper like origami
And get that bitch going up two fold
All my shit ripped need new clothes
The whole fit Winners what's Bluenotes
Stupid ass boy IQ low

You say go fish playin' Uno
Ay, yeah, what
Make these moves on a bus
I don't get stuck
Always in a rush
Hidden gem I'm the old man in the brush
Runnin' out bare
I can take the stares
Gettin' elevated so who the fuck cares
I don't want that rush
Life ain't that tough
Way too stable no need for the crutch

Droppin' them hits like blitz
About my cheese like Ritz
Fuck a vacay don't trip
You don't know people like this
You don't know people like this
You don't know people like this
You don't know people like this
You don't know people like this

Droppin' them hits like blitz
About my cheese like Ritz
Fuck a vacay don't trip
You don't know people like this
You don't know people like this
You don't know people like this
You don't know people like this
You don't know people like this
