

Day And Night

Eric Reprid

Ooo

Imma put lil' shawty to the side
She keep comin' at me every day and night
When I left then my life started feelin' right

Yeah

Yeah

Ooo

These days I do anything I like
Grinded for this life every day and night
When I left I told 'em I would get it right

Yeah

Yeah

Break bread and break hearts
Don't get me started now
Break ups you break down
I'm getting money now
Fuck love I can't trust
I'm too damn jaded now
Break laws got lock jaw
Lil' shawty tweakin' now
I fell in love with the mula
I need my wrist like a cooler
She got good head like a tutor
Won her love but she a loser
Me and my bruddas ran through her
She know that I'm a straight shooter
So my chick bad like Luda

Ooo

Imma put lil' shawty to the side
She keep comin' at me every day and night
When I left then my life started feelin' right

Yeah

Yeah

Ooo

These days I do anything I like
Grinded for this life every day and night
When I left I told 'em I would get it right

Yeah

Yeah

Whip a Tesla off the fuckin' lot
I got hella bands on me
Fuck a sing along
They won't ever bang on me
While I got this Glock
Only talkin' big money
'Cause I love the guap
I'm flippin' big bags into fresh cash no Tic Tacs
My life look like Six Flags they big mad I know that
Bitch I'm from the V so you know my fit on drip drip drip
Said c'est la vie when I hit that bitch then dip dip dip
Yeah
I got too much on my mental
'Cause I done made it out of Central
Now I'm the one they shorty into

But I can't ever love a bitch like

Ooo

Imma put lil' shawty to the side

She keep comin' at me every day and night

When I left then my life started feelin' right

Yeah

Yeah

Ooo

These days I do anything I like

Grinded for this life every day and night

When I left I told 'em I would get it right
