

Final Level

Eric Reprid

(Level 1)

I'm the big boss
Flexin' cut yo wrist off
Itchin' when these ticks talk
You go keep that hoe she make my dick soft
Gimme bank roll
Still a big no
I got big goals
I need control
Final level fuck a bezel
I need more than a medal
I could do 'em way better
Hater steamin' like a kettle
Always knew this ain't nothin' to me
Big bass make a bitch tremble
Yellow on me who you talkin' to
Know you dealin' with a fuckin' devil

I just wannna ball
Be with my dogs
Fuck they want?
This ain't luck
This that solo dolo I don't need a soul to go and help me get it shit
Fuck a kick back, she a Kit-Kat, lookin' sweet but breakin' under pressure
Bitch you need some upgrades yeah
Paradigm needin' updates yeah
See they ass gettin' frustrated
Cause mo'fucka stuck on read yeah
I won't try to go and level with you
I ain't got no message for you
All they wanna do is take from me but
I ain't got no patients for em

Final level where the boss at?
Bitches going for the jock strap
Shorty call I don't call back
Little mama better fall back

Look at my optimal mind
The money make them transform, Optimus Prime
I see that shit like all of the time
The snakes get clipped at the drop of a dime aye
But I'm penny pinching
Level up when I make investments
Less distractions make better lessons
The deep throat feel like evanescence
Rappers pissy boy Ebeneezer
I could turn y'all ghost, better run the freezer
I feel it coming even in my leisure
I built momentum, monumental freedom
Final level where the boss at?
Bitch I'm going for the bra strap
Shorty call I don't call back
Little mama better fall back
