

# Good Night

Eric Reprid

I'm not lookin' for a one night  
(One night)  
You're not lookin' for a love life  
(Love life)  
Maybe we can have a good time  
(Good time baby)  
I don't want this shit to end you don't want it to begin  
I'm not lookin' for a  
One night  
(One night)  
You're not lookin' for a love life  
(Love life)  
Maybe we can have a good time  
(Good time baby)  
I don't want this shit to end you don't want it to begin

Die with me one time I just wanna see what happens  
Don't ignore you wanna know you show you all the classics  
Know I'm spoiled but I saw you and I saw the talent  
The first glance when I knew that I gotta have it  
Yea  
You was so left field with it  
80 proof you gon' prove that you real with it  
Used to movin' real timid  
Lettin' loose just a lil' sinnin'  
Low-key like a Seal mission  
Choked up in a submission you so fucked up  
All hugs when the light switchin'  
You the only one I'd get the cuffs if you try runnin'  
Got me snapping back at anybody with they eyes on it  
Motherfucka I run it  
Yeah  
Why these nights so ironic

I'm not lookin' for a one night  
(One night)  
You're not lookin' for a love life  
(Love life)  
Maybe we can have a good time  
(Good time baby)  
I don't want this shit to end you don't want it to begin  
I'm not lookin' for a

GIrl that gon' leave in the mornin'  
Next day new place you a tourist  
Wish I stayed blind to the fact  
Blame on the night and the Jack  
When the fit all black I ain't see nothin' wrong with my action  
They just want my reaction  
Try to hold that shit for ransom  
Stay chilly with a stone face  
Shoot my shot like wassup but I draw blanks  
Go getter I'm a gorilla got my sights on gold chains  
There's a lot I don't tell ya know I shoulda known better  
You eye candy and I been fed up  
Iron grip on the Stella bitch I won't let up  
She think that its just for the night

Fuck it then I be out actin' like she right  
Feelin like she just movin' on my homies outta spite  
Give a fuck about it find another one I like let you know about it  
Yeah  
When the nights not controllin' you's, when you get up and you leave but I d  
on't  
Wanna see what you open to, like the renegade life but I don't  
I don't  
Yea  
I don't  
I don't
