

House Arrest

Eric Reprid

Feel like I'm on house arrest
80 reasons I should stress
Anvil rest up on my chest
We gon' see what's comin' next
Know that there be two sides
Livin' by the moon sign
We be movin' smooth now
I've been at it all night
Slavin's all I do now
Make this shit my whole life
Oh yeah yeah
It's off with they heads
Get this cake up

They said don't get ahead of yo self it's a long way home
They said do the shit they chose
Fuck that my shoulder stay cold
Iso make plays alone
Don't wait 'till you all the way grown
2 months in I knew I had to go
Dropped out tryna free my soul
Took a minute shiftin' paradigms yea
Made a lil' cash you go'n watch it multiply yea
C hang by my side tryna make this shit a life yea
24 hours just to get the things right yea
Nobody gon' take this from me
Late nights the fights don't cease
Ain't ever gon' beg and plead
Can't stand a life on knees

Feel like I'm on house arrest
80 reasons I should stress
Anvil rest up on my chest
We gon' see what's comin' next
Know that there be two sides
Livin' by the moon sign
We be movin' smooth now
I've been at it all night
Slavin's all I do now
Make this shit my whole life
Oh yeah yeah
It's off with they heads
Get this cake up

When I get the loot I'm out this roof
Fuck yo rules
I go make these moves got no excuse
Sip my juice
I can't make myself live in a cube
You confused
Rubiks how I'm toyin' with they mood
I got
Too much in my plans
Itchin' in my hand
We gon' get these bands
My life on demand
I want this shit grand

Stay up in command
Go run with that bull
Like you Ferdinand

Feel like I'm on house arrest
80 reasons I should stress
Anvil rest up on my chest
We gon' see what's comin' next
Know that there be two sides
Livin' by the moon sign
We be movin' smooth now
I've been at it all night
Slavin's all I do now
Make this shit my whole life
Oh yeah yeah
It's off with they heads
Get this cake up
