

# Lime

Eric Reprid

Never ever meant to be so sour baby  
Runnin' outta steam everyday be the same  
Livin' like this testin' all my patience  
Need a bit of you every time I drink  
Like a lime  
Like a lime  
Oooooooo  
Oooooooo

They all want  
Something now  
I don't got the time go and fuck around  
See my eyes, got money bags  
I don't rest  
I might be a Nike fiend, I need my checks  
Headed for the limelight  
Ain't just hype  
This not overnight  
I take my advice  
I'm gon' do this right  
Feelin' nice  
What's the price (yea)  
You not livin' twice (yea)  
My fam on my spine (yea)  
Green be gettin' sliced like a lime, I

Never ever meant to be so sour baby  
Runnin' outta steam everyday be the same  
Livin' like this testin' all my patience  
Need a bit of you every time I drink  
Like a lime  
Like a lime  
Oooooooo  
Oooooooo

I depend on the way ya send chills down my spine  
Wanna give you, all my time  
Give you all my time  
You burn my chest, just like tequila  
Wanna show ya why you don't really need her  
Why you don't really need her

Never ever meant to be so sour baby  
Runnin' outta steam everyday be the same  
Livin' like this testin' all my patience  
Need a bit of you every time I drink  
Like a lime  
Like a lime  
Oooooooo  
Oooooooo
