

Love Me Better

Eric Reprid

You should've loved me better
You blew me off I blew this money on some new Margiela
You should've loved me better
I'll make it rain on all these pussy's despite any weather
And I'm gon' get yo' ass back I got a new vendetta

Pull up outside of LAX in a Porsche
Shit sound like a motha fuckin' stampede from all these God damn horses
Pop a lil' addy and take a few shots like I keep me a lil' Taurus
There ain't no ceilin' on top of this bitch so now Lil' Riddy gon' floor it
I know the pussy be hatin', I know he envyin' me
Got his bitch legs all shakin', I know she in love with me
You know I'm way too selfish, RIP PnB
I want you all to myself, hoe stay on DND
Don't speak
Shhhh
For me
Eyes on me
Know you wanna be in my team, I
Keep a lil' blade tucked away in my jeans
Shootin' a tape she wanna be in my scene
Shorty love rap but I made the bitch sing
She don't love me she in love with my bling

You should've loved me better
You blew me off I blew this money on some new Margiela
You should've loved me better
I'll make it rain on all these pussy's despite any weather
And I'm gon' get yo' ass back I got a new vendetta

Sniffin' ya ya and it hurts
I don't sip bourbon anymore 'cause that shit hurts
I don't trust nobody no more 'cause that shit hurts
I don't love nobody no more 'cause that shit
Burns
Harder than this liquor man I swear I never learn
You was never mine, guess I only had a turn
Now I just wanna see the whole world burn
Bitch I'm fired up
Smokin' on my ex pack and that bitch will get you fried up
Better mind your business on that live or you'll get tied up
If I see that pussy with my bitch he finna get lined up
Should I get him back or not bitch I can't make my mind up
Uh
Out of body experience lil' baby
New bitch suck my soul up on her period lil' baby
We ain't gettin' no sleep I'm delirious lil' baby
Only genes that I give is Amiri's lil' baby
