

No Practice

Eric Reprid

I been inside tryna get these dollars
Tryna make more money than life makes problems
New celly, new city, new women now
New weather, new leather, I'ma get it now
Tryna test my patience for it

Doo doo doo doo doo
Come and get to know me baby
Doo doo doo doo doo
I been by my lonely baby
Doo doo doo doo doo
Put it all on me now
Doo doo doo doo doo doo
You be all I need yea

Bitch don't need no practice
Take over the atlas
I just need that traction
Then I break the back in
Don't hold her she a cactus
Clubbing with her bad friends
You don't want no smoke
She gon' smoke to the max bitch
Jeez
I just walked in
Mofucka step back James Harden
You don't want this
Lil' mama I don't need no practice
Yea yea
Yea yea aye
Yea yea
Aye I told I don't need no practice

Talk to you proper
You know that I'm finna go and prosper
I been here the whole time
Now this what they wanna be apart of
Bitch you need some water
My shit hard knock they just knock offs
Ho you lost this shit when you walked off
So don't talk that shit you can't back up
My bro got my back yea
The feeling lost I don't need that back yea
Runny nose now you back on track yea
Crying but we met in acting class yea
Practice on me saying I-I-I I'm
So sorry I don't got no time

It was time to go and change for a dime
