Palace

Eric Reprid

Two face killer go gorilla for the bag
That boy be a pussy kill the vibe he a drag
Autobiography gon' look like a brag
Let's get to the money I'ma PTW they ass
Make these fuckers raise a white flag
I'ma get some riches with these rags
Go and tell my bitch to never nag
Got enough demons on my back

I'm gon' build a palace with my dogs while you talk
Please keep at yo' distance you don't wanna get involved
You not made to get it out the mud and pay the cost
Af1's on me keep me floating like a God
Tennis chains for me when I make it off the net
I'm too scared of love bitch I only want the sex
With the slimes laughing at they moves I'm not impressed
I got different voices in my head so come correct
Build a fuckin' palace with my dogs to block them out
These days they can't get my fuckin' name out they mouth
I want VVS to see what they be talkin' 'bout
Bro be in the back and he smoking on some loud

Hit em with fire
When I pop out some bitches gon' die
All of my songs sound like gun fire
Everybody 'round gon' count on me
I just might cop like three .45's
Now I got the click boom power oh yea
Fuck it I need more pow oo oo
Run it I make it pow oh yea
I just want fuck some bitches in twos
Yea, ay
What's the move
Now I'm going batshit
Really 'bout action
Go bring the booze
I got the blues
I gotta move
Riddy gotta stack that cash to the roof
Don't get attached I laugh at the fool
Can't talk nice when I'm in this mood

I'm gon' build a palace with my dogs while you talk
Please keep at yo' distance you don't wanna get involved
You not made to get it out the mud and pay the cost
Af1's on me keep me floating like a God
Tennis chains for me when I make it off the net
I'm too scared of love bitch I only want the sex
With the slimes laughing at they moves I'm not impressed
I got different voices in my head so come correct
Build a fuckin' palace with my dogs to block them out
These days they can't get my fuckin' name out they mouth
I want VVS to see what they be talkin' 'bout
Bro be in the back and he smoking on some loud
