

# Petty King

Eric Reprid

I hit a new low and stumbled on gold  
I want it right now fuck taking it slow  
Never held me down you dipped and it's so  
Unlucky for you I won't let it go  
Bitch you fucked with a petty king  
I don't do forgiving for a lotta things yea  
 Fucked me over I'm gon' do that shit right back to ya  
My new bitch named karma and we coming back for ya

And I got vengeance on my brain yea  
I been plotting on it ever since that day  
I'm gon' make you feel this pain  
Fuck that ho she not my bae  
Stack my money  
New bitch on me  
If you want smoke like bitch okay  
Pull up in a big body  
I'ma hop out with a ten on me  
I got brand new baguette rings on me  
45 might put some wings on 'em  
I wouldn't fold wouldn't bend for ya  
Should've went ghost but I simped for ya  
I got the message like 10-4  
Now you wanna toast but we been foes

I hit a new low and stumbled on gold  
I want it right now fuck taking it slow  
Never held me down you dipped and it's so  
Unlucky for you I won't let it go  
Bitch you fucked with a petty king  
I don't do forgiving for a lotta things yea  
 Fucked me over I'm gon' do that shit right back to ya  
My new bitch named karma and we coming back for ya
