

## Pick A Side

Eric Reprid

If you switch sides on me I'ma keep you on the outside  
Do or die baby you can't take a single thing from mine  
I just wanna know where you at baby pick a side  
Why you sendin' subs to me now go and pick a side

If you switch sides on me I'ma keep you on the outside  
Do or die baby you can't take a single thing from mine  
I just wanna know where you at baby pick a side  
Why you sendin' subs to me now go and pick a side

Let you know that want I want ya  
If you pull a run a round I'ma drop ya  
Say these lames always wanna go and lock ya  
Tell lil' shorty pick that kid I won't stop ya  
Hop in  
Wildin'  
Pull up on a bitch I'm smilin'  
I've been  
Vibin'  
Take her ass out to the island  
What these ho really want from me  
I just wanna stack that blue cheese  
I'ma get these snakes up off me  
Bitch better pray you lucky

If you switch sides on me I'ma keep you on the outside  
Do or die baby you can't take a single thing from mine  
I just wanna know where you at baby pick a side  
Why you sendin' subs to me now go and pick a side

If you switch sides on me I'ma keep you on the outside  
Do or die baby you can't take a single thing from mine  
I just wanna know where you at baby pick a side

Wantin' these games to stop (yea)  
I'm tryna be clear like the drink that I be sippin'  
Baby don't pick the other side or we be finished

If you switch sides on me I'ma keep you on the outside  
Do or die baby you can't take a single thing from mine
