

# See Red

Eric Reprid

I see red when I drink too much  
I don't think that I had enough  
So I keep sippin' 'till its all gone  
Now you back again like its all good  
Nah

No slowin' up now  
Sayin' less I don't get strung out  
Know there ain't really much to talk bout  
You don't know that its been rough since August  
Knew I had to let that all go I'm off it  
And I really wish that I could say that was honest but  
She the one I can't flex on  
It's just fun when we messed up  
More than once I done messed up  
Stare downs need to step up oh  
Sayin' you down but I ain't ever sold

I see red when I drink too much  
I don't think that I had enough  
So I keep sippin' 'till its all gone  
Now you back again like its all good  
Nah

This gettin' real old  
Gotta grow up and get goin'  
I ain't tryna get guess what you done told  
It ain't really worth bet it's all just harmless  
Knew I had to let that all go I'm off it  
And I really wish that I could say that was honest but  
She the one I lose sleep on  
Whole night like a see saw  
Alcohol what I lean on  
Let's stop and just team up oh  
Maybe you down but I ain't ever sold

Mixin' mixin' mixin' mixin'  
They said not to go back but I ain't listen  
Mixin' mixin' mixin' mixin'  
I've gon' too deep to make my own decisions and now

I see red when I drink too much  
I don't think that I had enough  
So I keep sippin' 'till its all gone  
Now you back again like its all good  
Nah

Pray this time gon' have a different end  
The only thing split gon' be dividends  
Liquor I down be my nemesis  
I know you talk down don't take no offense

Pray this time gon' have a different end  
The only thing split gon' be dividends  
Liquor I down be my nemesis  
I know you talk down don't take no offense
