

Slow Grind

Eric Reprid

Sunday, driving up the hill on a one-way
We ain't working at it like we used to
You just wanna kick in, need some new moves

On the slow grind
I don't know time
Working through the night
I get mine
Cause I'm on the slow grind
I don't know time
Working through the night
I get mine, I get mine, I get mine

Rally on the way
I got big plans
Like claiming Top 5 and pass the six man
You keep blowing me off 'til you a big fan
I keep showing up when you channel switching, for real
They won't feel what I drop 'til it's too late
They like Two Face
Stay inside 'til everyday I'm in a new place
Fuck what these fools say
I'm throwing deuces

I don't feel ya, I don't feel ya, I don't feel, no
I don't feel ya, I don't feel ya, I don't feel ya
I don't feel...

Sunday, driving up the hill on a one-way
We ain't working at it like we used to
You just wanna kick in, need some new moves

On the slow grind
I don't know time
Working through the night
I get mine
Cause I'm on the slow grind
I don't know time
Working through the night
I get mine, I get mine, I get mine
